

Boston April 10, 1874

Dear Garrison,

I enclose a note from Gustavus Andrews for your perusal. He brought with it a small tin box filled with ball cartridges. His story is curious and shows that some of the soldiers on the occasion were determined not to commit murder.

I have known Mr. Andrews many years. He is a quiet & trustworthy man. If you incline to accept the gift of what he has

an interesting memorial, you can  
have it at my office or direct  
how I shall send it to  
you

Ever yours  
J G Sevall
